

# YOUR SUPPORT TEAM AT THE AUSTRALIAN COLLEGE

Traineeships and customised training for employers is our core business.

To ensure that employers and Apprenticeship Support Officers get immediate support we have a dedicated Traineeship Support Centre. The Traineeship Support Team will: provide advice on the most suitable qualifications; recommend options for available funding and subsidies; action Training Plan Proposals on the same day; provide you with brochures and information and personally trouble-shoot any paperwork or registration issues you need dealt with urgently.

# COLLEGE TRAINING SPECIALISTS

Developing customised materials that reflect best industry practice is a key role of the Directors and Managers at the Australian College. Equally, ensuring the quality of our staff and the support provided to trainees and students is critical. To this end we have an experienced College management team with specific responsibilities in these fields.

**TRACEY JONES**
