PAYROLL TAX REBATE FOR TRAINEES AND APPRENTICES

Wages for new entrant trainees are exempt from Payroll Tax for 12 months.

Determine what trainees you have and calculate their eligible wages.

For example if you have two trainees and in that year you paid them \$50 000 – this is the wages amount that you don't pay Payroll Tax on.

The Payroll Tax rate is 6.85%

- So $6.85\% \times \$50\,000$ wage
- This would save you \$3425 per year

Your total Payroll Tax savings would be: \$3425.
