

Diploma of Business Administration

BSB50415

TAKE YOUR BUSINESS
ADMINISTRATION SKILLS TO THE
ADVANCED LEVEL

About This Course

The Diploma of Business Administration will help you go far beyond the day to day duties of an office administrator. It delivers the theory and skills required to elevate your performance, overhaul outdated processes and procedures, identify costs savings, and to plan strategically for the future administrative requirements of any business.

The Diploma of Business Administration will ensure that you learn the keys to good document design, quality processes to help you implement efficient administrative systems; can effectively manage meetings and undertake projects. The Diploma has elective options such as managing customer service, people management or payroll. You will need Word skills at certificate IV level to succeed in this diploma.

Service Guarantees

Quality Training Provider

ACCM was one of the first private training Colleges to be given official RTO registration status.

22 years later we have helped over 3 000 employers and 31 000 students achieve their career goals and have been recognised as a state finalist on the NSW Training Awards.

We have a history of satisfied students and clients and repeat business. Our testimonials on our website are genuine and the type of feedback we receive daily.

We are so confident that you will be pleased with the College service, that we guarantee it.

Speedy Paper-less Enrolment

Enrolment Applications are accepted 24/7 online. Be fully enrolled in your course in 7 minutes!

For customised or employment based courses and traineeships contact us and we will send you a customised enrolment page by email.

Start Anytime - Immediate Enrolment

Within 30 minutes of being enrolled, your personal log-on details are emailed to you. This gives you access to course materials to commence your studies (via our on-line system WebClass).

Industry Expert Student Adviser

You will be allocated your own industry experienced Student Adviser. While they will personally manage your program; you will also benefit from the College team around them to provide expert assistance in all subject areas.

Prompt Results and Feedback

All assessments are promptly returned (via Webclass) with detailed feedback and encouragement. Our goal is to have them back to you in 2 weeks or less. In the meantime you can progress to your next subject.

Personal Contact for the Right Start

When you enrol your College Student Adviser will phone to welcome you to the course. Your Student Adviser will ensure that you understand the best way to progress in your course. They will also assist you with any questions you may have.

They will be in regular touch with you at the start of your course to offer motivation, support and guidance. For employment based enrolments they will also make contact with supervisors during this time to address any questions they may have.

Pro-active Learner Support

The support won't stop! Contact from your College Student Adviser will continue every month, based on the level of help you need.

Of course, at any time you can call us to get help. Get immediate assistance over the phone and by email. If immediate assistance is unavailable for any reason, we will make sure a qualified Student Adviser is in contact with you no later than the next business day.

Quality Course Materials

Our step by step course materials have been written by industry experts specifically for the College. They will give you all of the relevant learner information you need to succeed in your course.

The resources simplify industry jargon and concepts, give you industry insight and understanding, and focus on current real world business practices.

Employer Progress Updates

For employment based enrolments all supervisors will have access to an online progress report showing the current status of all learners. We understand that it's essential to keep you up to date so we will prompt you each month to access your report.
